

CHARLEY CASTEX

Summer 2007 - NEWSLETTER

Aloha,

Good news...our relocation to Honolulu, Hawaii is now well underway!

Presently, we feel a mix of profound gratitude and wonderment that we will soon be calling the magical and beautiful island of Oahu, our "home".

Interestingly, the city of Honolulu nestled within Oahu, is the USA's 10th largest city. The origin of Oahu's name is a subject for lively debate but is generally agreed upon as meaning: "the meeting place". Honolulu boasts an amazingly diverse and culturally rich palate. Oahu's colorful and cosmopolitan meeting place offers a golden opportunity to extend my gift to people from countries spanning the globe.

Many of the fine folks in my practice have naturally expressed sadness upon hearing our "big news". Please allow me to reassure you that I will always remain easily

accessible. The new Q&A section explains the particulars on how our move will affect private session availability for individuals on the "mainland". (The reality is that we are not really leaving, just moving.) Return visits to the mainland will be frequent and eagerly anticipated!

All these big changes have by necessity, postponed this year's Canadian tour, as well as the other surprise event we were all anticipating in Asheville North Carolina. However, we are now "recycling" our energies toward the planning of a very special 2008 five day Hawaiian spiritual retreat! When the details are complete, we will post registration info here on charleycastex.com. Next year, I look forward to resuming more travel to host special events in greater North America.

Through the years many of you have asked about my personal journey - from the apprenticeships with my beloved Native American teachers, to my path in becoming a spiritual psychic counselor. In response to this interest, I am busy crafting a forthcoming book. You will be the first to be informed. For now, I am geared up to "put it all together".

A sincere thank you goes out to each and every one of you that I am blessed to guide and counsel. It is truly, a continuing honor and privilege.

Grace Always,
Charley

(see page two for answers to some frequently asked questions.)

Answers to some frequently asked questions:

Q: Why are you relocating to Hawaii?

A: Our main motivation for moving to the Hawaiian islands, is to support my work through supporting my physical health. Living in a clean air environment will promote an active lifestyle and is conducive and supportive to my work as a sensitive. (I love communing with nature via the Ocean). Besides, my spirit guides have been suggesting for several years now that moving to Hawaii will "activate my greatest potential".

Q: How can I schedule an in person reading?

A: Several times a year we anticipate return visits to Asheville ,North Carolina and the North Eastern States. Appointment reservations for in person sessions will be on a first come, first served basis. (See Special Events) Call our office number 828-251-5043 , or shoot us an email to info@charleycastex.com to place your name on the waiting list.

Q: Will your fee structure for consultations change after your relocation?

A: In an effort to remain accessible to all who seek my guidance, the fee structure will NOT increase in the immediate future.

Q: Are phone consultations as accurate and practically helpful as an in person reading?

A: Fortunately, guidance gained through psychic perception is not in any way limited by physical proximity. Historically, a large percentage of phone clients have never actually had an in person sitting! The individuals and families I have been blessed to counsel throughout the years continually express their appreciation at the impact of their phone reading experiences. I am also fond of saying "If phone readings were any less accurate than the in-person experience, I simply would not offer them."

Q: Where will your office be when you return to the mainland for consultations?

A: We are very fortunate to have a long list of wonderful house exchanges for our return visits, all of which will offer ample and convenient office spaces.

Q: Regarding phone consultations: What is the time zone difference from the mainland US and Hawaii?

A: There is a five hour difference between Eastern Standard Time (NY time) and Hawaiian Standard Time (5 hours behind New York) . Hawaii does not observe day light savings time, so add one hour during DS Time (6 hours behind EST). The time difference works to everyone's advantage. I will now be able to offer convenient, evening phone sessions for people who cannot break away from their schedules during the busy work day.
